PROFESSIONAL SUMMARY

I am a passionate Full Stack Web Developer dedicated to building scalable, real-world applications that address practical challenges. I also have hands-on experience with AI tools, enabling me to enhance development workflows and build smarter, more efficient solutions. As a quick learner with strong motivation, I strive to develop efficient, user-focused digital solutions that make a meaningful impact.

EXPERIENCE

Full Stack Developer (Fresher)

- As a self-employed developer, I worked on personal and practice projects to strengthen my technical skills and gain hands-on development experience.
- Developing responsive, user-friendly interfaces while implementing robust backend APIs and efficient database operations.
- I follow Agile methodologies for development, ensuring iterative progress, collaboration, and continuous improvement.
- Debugged and resolved code issues, applied modern frontend development practices, and optimized code for improved performance, readability, and maintainability.

PROJECTS

- **ExploIndia :**
React, Tailwind CSS, Vite, Express, Node, MongoDB, Cloudnary | [GitHub](#)
ExploIndia is a **full-stack** travel social networking platform that enables travelers to share journeys, explore destinations, and interact with a community of explorers. The platform allows users to create trip posts, upload travel photos, like and comment, save favorite trips, receive notifications, and view detailed traveler profiles. Built using the **MERN Stack** (MongoDB, Express.js, React.js, Node.js), ExploIndia delivers a responsive, scalable, and visually engaging user experience focused on **real-world travel interactions**.
- **ToDoList :**
React, Tailwind CSS, Vite , Claude AI, uuid, HTML | [GitHub](#)
A simple and modern **ToDo List** application built using **React.js** and **AI** tools to help manage daily tasks efficiently. It helps users organize, track, and complete daily activities efficiently.
- **My-Portfolio :**
React, Tailwind CSS, Vite, Github , Git | [GitHub](#)
This Project is modern responsive Portfolio website built with React and Tailwind CSS to showcase my projects and skills. I Designed and developed a high-performance portfolio website using React.js, Tailwind CSS, and Vite with responsive design and interactive UI.

TECHNICAL SKILLS

- **Frontend:** React.js, Tailwind CSS, JavaScript, Typescript, Html/CSS.
- **Backend:** Node.js, Express.js, Restful APIs.
- **Databases:** MySQL, MongoDB.
- **Tools & Others:** Git/GitHub, Postman.
- **AI Tools:** Claude AI, OpenAI Codex, Antigravity.

SOFT SKILL

- **Communication:** Effective verbal and written communication.
- **Problem-Solving:** Strong analytical thinking and debugging ability.
- **Teamwork:** Collaborative team player with Agile mindset.
- **Time Management:** Ability to manage tasks and meet deadlines.
- **Self-Motivation:** Proactive and dedicated to continuous learning.

EDUCATION

D.G. Ruparel Collage of Arts, Science & Commerce, Mahim – 400016.

Bachelor of Science in Information Technology– [2023-2026]
